Offering academic tutoring services in reading, math, writing, phonics, vocabulary, spelling, study skills, subject-specific tutoring and exam preparation. For all ages, non-readers work with a teacher on a one-to-one basis to ensure they receive the extra level of attention they deserve. Other basic-skills students work with a teacher in a four-to-one setting in order to allow for a balance of individual attention and independent practice. We also specialize in helping high school students prepare for the SAT and ACT.
